

# PREFABRICATED CONCRETE TORNADO SHELTERS

Manufactured per  
FEMA Guidelines

320 STORM SHELTERS  
(Under 16 Occupants)

361 COMMUNITY SAFE ROOMS  
(16 Occupants and Over)

30 Person Occupancy FEMA 361 Rated Community Safe Room

Modular Connections manufactures prefabricated concrete tornado shelters for use in community, commercial, industrial and personal safety during inclement weather.

Our pre-engineered concrete construction method meets *FEMA 361 & 320* ratings for community safe rooms and personal storm shelters, qualifying for grant funding from FEMA.

Once your building is complete, we will ship it via flatbed to your site, offload with a local crane, then weld your shelter to your prepared foundation.

Safe Room Interior (Optional Features Shown)
